TRAVEL INSURANCE WAIVER

Please read carefully

We advise every customer to purchase travel insurance when they make their initial deposit on a trip, and to be familiar with what it does and does not cover. If you must cancel a trip and your situation is not covered by insurance, you will lose some, most, or all of the money you paid, according to the cancellation policy schedule and how close you are to the trip departure date. If you can't afford that kind of a loss or are not willing to accept the risk, then you should not put money down.

Travel insurance policies have GREAT features which will protect you from many unforeseen situations. No one can predict the future, and every year we see travelers who encounter such events. We highly recommend every traveler have travel insurance to protect their investment, and to give them medical coverage while in a foreign country.

Traveling worldwide without insurance is very risky. It only takes a few minutes to have peace of mind. We believe your upcoming trip is a significant investment which you should cover. For this reason, we strongly recommend you purchase travel insurance. However, no representation or description of the insurance made by our staff constitutes a binding assurance or promise about the insurance. We recommend DAN's comprehensive travel insurance.
